Agency Case #: D9-22941

Dollison, Date Unknown

On April 18, 1973, decomposing remains of an unidentified male were found in Garnett, Kansas. Clothing on the body included a brown corduroy jacket, a green long sleeve button-up shirt, blue jeans with a stop sign emblem on the rear pocket, black gloves, a navy-blue stocking cap, and waffle stomper shoes. He also had two gold rings with crosses, a gold ring with the number "78", and a silver chain with a large cross.

In 2025, Investigative Genetic Genealogy was conducted that lead to the identification of Jimmy Dollison as the victim in this case. Dollison was reported missing by his family in October or November of 1972 when he was 16 years old. At the time he lived in Kansas City, Kansas, which is approximately 78 miles north of where Dollison's body was recovered. Kansas Bureau of Investigation is requesting anyone with information regarding this case contact them.
